IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Appl. No. : 10/676,566  
Applicant : Wheeler et al.  
Filed : September 30, 2003  
TC/A.U. : Not yet assigned  
Examiner : Not yet assigned  
For : ANIMALS EXPRESSING EXOGENOUS  
IGF-I IN THEIR MILK  
Docket No. : 66-00A  
Customer No. : 23713

Confirmation No. 8372

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

INFORMATION DISCLOSURE STATEMENT

Sir:

This application is a divisional of U.S. Application No. 09/930,377, filed August 15, 2001, U.S. Patent No. 6,677,500. Copies of PTO Form 1449s submitted in U.S. Application Serial No. 09/930,377 are enclosed. In accordance with 37 C.F.R. 1.98(d), copies of references cited in that application are not submitted, but will be provided upon request.

This information is cited in a spirit of forthrightness and cooperation to enable the applicants to obtain that measure of protection for the invention to which there is entitlement. However, no representation is made that the listed art actually qualifies as prior art under the patent statute and the mere use of PTO-1449 is not an admission that all listed references are prior art. No representation is made that applicants know of the best art.

It is believed that no fee is due with the submission of this Information Disclosure Statement. If this is incorrect, however, please charge the required fee and the fee for any extension of time needed to Deposit Account No. 07-1969.

Respectfully submitted,

*Susan K. Doughty*
